

### **Community Arts Projects (CAP)**

has announced the commission of renowned sculptor *Jose Chora* to create a piece representing the gateway to the new *Haven Avenue Bike Route* at 9th & Haven Avenue in Ocean City.

The stylized cyclist will be produced by the artist using discrete layered steel as the medium.

Approximately 8 feet long at the base, the work will stand 10—12 feet tall.

Placed in a hardscaped/landscaped bed, with accentuating up-lighting, this work of art will be a distinctive feature on Ocean City's main entranceway leading from the new Rt 52 Causeway Bridge.

The public is being asked to be a part of this exciting art project.

*Please send contributions (specify Haven Ave project):*
