Ocean City -- Ocean City's Community Art Projects (CAP) will dedicate their latest mural, a bike mural honoring biking through the ages, on Saturday, May 22nd. The public is encouraged to meet at 1pm at 20th & Haven (the site of CAP's first intersection mural) and ride together to the new mural site at 15th Street - along the wall of Peter Lumber facing the Haven Avenue bike path.

The dedication celebration will be a parade atmosphere. The mural is an original design by local artist, Stephen Gibson.

CAP is responsible for a number of murals, sculptures and other works of art throughout Ocean City. CAP's mission is to beautify the community and make Ocean City a destination for Public Art.

CAP is a 501c3 non-profit arts organization and depends entirely on donations. All tax deductible donations go directly to their public art projects.
